## Why Choose AAJ

### AAJ IS YOUR PERFECT DESTINATION

Here at American Academy Jordan, we value our students highly and rank them as top priority. We focus and are determined to provide the best curriculum and the best environment a student can ever ask for in an effort to assist students in being nonchalant while studying for their future.

A team of quality assurance in AAJ is always on the lookout for the students health, opinions and their current environment to improve the school every day to make AAJ a special place for everyone.

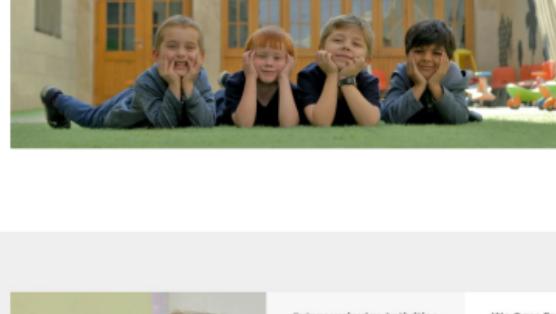

### History of Excellence

We are very pleased with the accomplishments AAJ has reached over these years. Since the beginning in 2012 till today we have had one plan to provide the residents of the beautiful city Zarqa and the neighboring governorates a powerful curriculum to thrive and become leaders in their future.

Over the years we have increased the number of administrative staff to be a consistent and hard-working team to revamp the school to become the top school in Zarqa from every aspect. As we also incremented our international teachers from the United States of America to provide a better guidance of enhancing the students English language straight from native speakers.

### Multiculturalism and Diversity

AAJ is home to a lot of nationalities from different parts of the globe that have come to study and switch to a better educational environment. We value every nationality highly and teach students to accept one another and build a relationship to learn about each others cultures and improve their personalities to become socializers and confident.

## Why Choose The British / American Program

### British Pattern IGCSE/IAL

Learn more about the British pattern program of IGCSE/IAL which is from the United Kingdom and currently known as the best curriculum in the world and favored by the most as well as being recognized globally.

### The Power of The British Pattern IGCSE/IAL Program

The British pattern IGCSE/IAL program is currently recommended worldwide as the best preparation for international universities and beyond. The IGCSE (International General Certificate of Secondary Education) has become the world's most popular international qualification for students aged 14-16 year old as it is taken in over 145 countries and taught by over 5500 schools worldwide.

The IGCSE/IAL consists of many subjects to choose from in order to complete your journey to receive your certificate. These subjects taken in IGCSE level and continuing them onto the Advanced Level will help you prepare appropriately for your university. Many of the universities in the world right now prefer A-Level students over normal secondary education as they have full trust in the powerful curriculum of IGCSE/IAL which is currently taught by at American Academy Jordan under the authority of the British Council Jordan and Pearson Edexcel and Cambridge Assessment International Examinations.

Overall, the higher the student scores in their IGCSE/IAL the more options for attending and paying for universities will be available to the students from finance aids and scholarships.

### IGCSE/IAL Frequently Asked Questions

How many subjects are needed to graduate ?

-

There are 3 levels to the British pattern program which are IGCSE, IAS and IAL, at the level of IGCSE they are open to a wide range of subjects to choose from, once they complete them they take it onwards to IAS which is half the syllabus of the whole Advanced Level (examined on half of the book) then they can take their A5 level to their A2 Level known to be the final level where they are tested at the other half of the book or they can take another A5 Level to make it one whole A-Level.

### One of The Top Curriculums In The World

The American pattern ACT program (previously known as SAT) is an entrance exam used by most colleges and universities to make admissions decisions. The SAT is a multiple-choice, pencil-and-paper test created and administered by the College Board.

The purpose of the ACT (previously known as SAT) is to measure a high school student's readiness for college, and provide colleges with one common data point that can be used to compare all applicants. College admissions officers will review standardized test scores alongside your high school GPA, the classes you took in high school, letters of recommendation from teachers or mentors, extracurricular activities, admissions interviews, and personal essays. As 25% of the student's overall ACT grade will be determined by their school grades and 75% on their ACT official exams

Likewise, the higher the student scores on the ACT, the more options for attending and paying for college will be available to the students.

### ACT Frequently Asked Questions

How many subjects are needed to graduate ?

-

There are 2 options to choose from shown in the Why Choose Our Programs page under Academics section, where the student is given the option to choose from option 1 which consists of 6 subjects which is 75% depending on ACT grades and school grades or option 2 which consists of 8 subjects that are 100% depending on ACT grades

### American Academy Jordan

American Academy Jordan is raising a new generation of leaders with international mindedness, to be ambassadors to the world with excellence in wisdom, knowledge and understanding.

### Opening Times

Sunday - Thursday

8:00am-3:00pm

## Our British IGCSE/IAL Program

American Academy Jordan > Our British IGCSE/IAL Program

### British Pattern IGCSE/IAL Program

We are very grateful to have the ability to teach one of the most recognized qualifications around the world here at AAJ known to be as Cambridge Assessment International Examinations and Pearson Edexcel. We make the most of our experts expertise in teaching the curriculum to the students to achieve the goal of attaining the highest marks in their exams. As the IGCSE/IAL program is an intensive in depth curriculum we offer excellent advises on routes to take on what to focus on and which subjects you should take for you to be enrolled in your desired university and to even achieve your Tawjiji equivalency

### Checkpoint Exams

Students aged 11 years old or in general in Year 6 are to be sat in a checkpoint exam ran by Cambridge Lower Secondary Checkpoint to assess our students at AAJ to see their strengths and weaknesses before the real exams which would be the IGCSE/O-Levels and IAL. We work very hard at this stage to ensure that we are building an outstanding foundation in our student's journey to make their educational journey's obstacles easy to come over and graduate happily.

### IGCSE/O-Levels

At this stage our students would've reached Year 10, this would be their time to shine period as it's one of the most important stages in their scholastic journey. It's important because it makes up 75% of their whole percentage grade, as they are open to a wide range of subjects we offer the subject of choice teachers with a long experience of teaching, proven through an admission exam at AAJ to be the most efficient subject teacher in communicating the idea to our students.

### International Advanced Level

The final stage and the happiest stage for a student here at AAJ is this stage where they would be at Year 11 and Year 12. Our students continue their subjects that they chose from IGCSE and carry them forward onto their IAL's to complete the subject's syllabus. This marks 25% of their whole percentage grade. Teachers are taught at AAJ to push even harder at this stage as the syllabus needs more focus and more work from our students to complete the journey with a huge pat on their backs

### IGCSE/O-Level

You will have a wide availability of subjects to choose from in AAJ to pass the IGCSE/O-Level to advance to the next level into the AS Level.

**\*Subjects can be divided into their 3 final years to make it easy for them to complete each syllabus\***

### Advanced Subsidiary Level (AS-Level)

Once you finish IGCSE/O-Level you are open to a new level of AS-Level where you continue your subjects but into a more advanced in-depth level. For you to take a subject in AS-Level you must pass that specific subject in the previous IGCSE/O-Level. **\*Subjects can be divided into their 2 final years to make it easy for them to complete each syllabus\***

### Advanced Level (A2-Level)

The last part of your scholastic journey is the A2 Level where you continue your AS-Level subjects in order to complete the whole subject curriculum for you to graduate.

### GLOBAL RECOGNITION

## Why Choose The British Program?

It allows your child to become more distinct than others as the program is filled with superior qualities that makes the student think more different than others effectively and strategically.

- Recognition From Top Global Universities
- A Higher Chance of Finding Better Career Opportunities
- Develop Skills That Help You Lead A More Exciting And Successful Life

## International Education

### Experience Education Differently

We believe that international education is the only education that builds students personalities in a preferable and attractive way. As the world of international education is a melting pot of individuals and learning with a global perspective which ensures students are exposed to different cultures, religions, ethnic groups and languages, enriching society in the process and broadening the academic experience for everyone here at AAJ.

OBTAINED THROUGH AAJ STUDENT IMPROVEMENT STATISTICS

### International Education has shown improvements in

Learning and accepting cultures

Becoming more confident

Accepting religions and learning about them

The desire to learn more languages

### In Depth of The International Education Benefits

#### - The will to learn more about cultures

Due to the cultural diversity present in American Academy Jordan, our students were able to meet each other and accept each other whether they were in Kindergarten, Primary or Secondary level. The ability for students to accept each other and work together forms a positive, efficient mindset that will help them in their future when they work in Jordan or even abroad.

#### - Rise In Confidence Level

International education consists of competitions and events that build the students to become leaders some day and students are prepared through presentations and debates set by us at AAJ to enhance the personality of our students to become extroverts and easily sociable. These preparations will improve qualities that will give our students an attractive personality that is ready to take on any challenge set by the world.

#### - One world, one community

The presence of more than one religion at AAJ has allowed the students to accept each other as nothing differentiates them as we all belong to the same species. As students have had the ability to know more about other students lives and how they persevere in life.

#### - The Yearn For Learning New Languages

More nationalities come to AAJ every year and the more nationalities being present the more students are willing to learn about that specific language. As international education connects you with the world as it consists of the top and most enrolled in curriculum in the world, it makes our students eager to learn a language as it may be influenced by their colleagues in school or colleagues studying the same curriculum around the globe.

# Welcome Back to Kindergarten

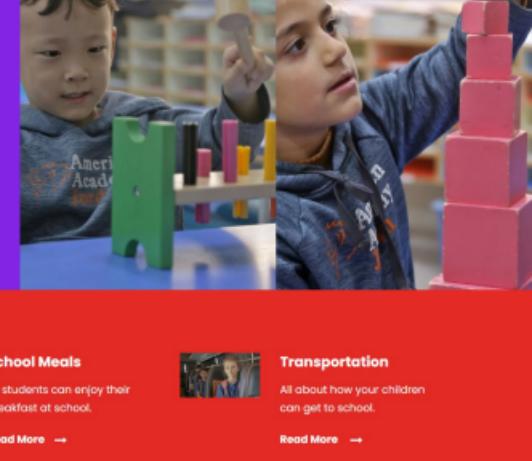

## Early Years

THE BEGINNING TO SUCCESS

### Kindergarten

The kindergarten at AAJ is the home to our youngest scholars who are destined for greatness. Proud to be called home from our children at AAJ as we provide them with beyond top quality classrooms that allows the kids to enjoy their time learning and they are made to be within the teachers eyesight in order to ensure the child's safety in the classroom. As in kindergarten, we prepare our students to become future leaders using the Montessori method of learning which has shown significant changes in the students educational performance.

MRS BAYAN ALSHISHANY

### A Message From Our Head of Kindergarten

Dear Parents,

On behalf of the Board of Directors and the entire staff, I welcome you to The Preschool Place & Kindergarten, our outstanding school located in Zarqa city. We are very happy to have you as part of our school family where we will work together for the benefit of your children. Our mission is to provide each child with a positive school experience while promoting their social, emotional, physical and cognitive development. The early years are learning years, and at The Preschool Place and Kindergarten your children will grow to their fullest potential.

#### Top Rated Kindergarten in Zarqa

Currently rated as the best kindergarten in Zarqa city as we use exceptional teaching methods to deliver the idea constructively.

#### Montessori Learning Style

We use the Montessori Learning Method that is based on self-directed activity, hands-on learning and collaborative play. In the students classrooms, the children will make their creative choices in their learning, as our teachers use their expertise to offer activities that are appropriate to their ages.

#### Modernized Classrooms

Our kindergarten classrooms are always updated to the best standards from either technology, tables and chairs, the decorations and accessibility, to give the children an outstanding experience in their early years of becoming leaders in the future.

EVERY THURSDAY ACTIVITIES, EVENTS

### More than just learning

See more of our students in their classroom learning and enjoying their time through the gallery

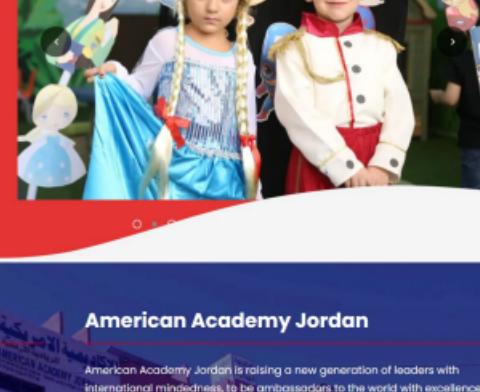

In kindergarten we aim to provide the finest environment in order to let our students feel like they are at home. We prepare activities for our children to take part in every Thursday such as Swim Day, Horse riding day, Animal care day and more !

[Learn More About Our Activities](#)

ENDING THE WEEK WITH FUN

### A New Activity Every Thursday

Our activities are a way to give our children a different view of life other than just studying through having fun. That's why we enrol our students in activities such as Swim day, Horse riding day, Olive day, Animal care day, Cooking day which they will have fun at and learn new things at the same time.

STRONG FOUNDATION

## Prepare From Primary

During these years, students will develop increasing independence and utilize core skills gained across a range of areas. We focus on building a strong foundation from when they are young to perfect their chances in scoring high grades in the secondary senior level. Our teachers at AAJ work extremely hard to ensure that by the end of Year 6, students are prepared to make a successful transition to AAJ Senior.

School Calendar

## Focusing on key areas

#### English Language and Literature

Giving the students the ability to perfect their English language and literature from native American teachers.

#### Mathematics

Numeracy is an essential skill in life, that will help students understand how to deal with numbers and mathematical equations.

#### Sciences

Working with science requires students to be practical, having the ability to work with tools and conducting scientific experiments allows them to get a better understanding of life.

#### Physical Education

Physical Education is one of the important subjects, allowing the students to take part in many sports to improve their mental health, and allow them to discover new sports.

#### Music

Music also gives us positive energy to keep going in life, we upskill students with varied types of instruments, from playing the piano, xylophones, violins, guitar, to many more instruments.

## Secondary School

FINAL STEP BEFORE GRADUATION

### Entering Secondary School

For far away, behind the word mountains, far from the countries Vokalio and Consonantia, there live the blind texts. Separated they live in bookmarksgrove right at the coast of the Semantics, a large language ocean. A small river named Duden flows by their place and supplies it with the necessary regalia. It is a paradisematic country, in which roasted ports of sentences fly into your mouth. Even the all-powerful Pointing has no.

Enrolled students from Year 7 to Year 9 are known to be "Lower Secondary" home to Checkpoint exams. As enrolled students from Year 10 to Year 12 are known to be "Upper Secondary" home to the IGCSE/AL exams and the ACT examinations.

### What Year Does It Start ?

Our students – future leaders – are set to be registered in the Cambridge Lower Secondary Checkpoint exams at the end of the Primary level year, which is Year 6.

### Summarized Purpose of Checkpoint Exams

It enables us to obtain an international benchmark of learner performance to identify and address learning needs. This helps us find strengths and weaknesses in key curriculum areas.

### Why Enroll Your Child in Checkpoint Now

Registering your child in Checkpoint helps them strengthen their foundation, in order to have a strong transition into the IGCSE/AL Upper Secondary exams without becoming appalled from the level of intensity.

### CHECK OUT OUR AMAZING STUDENTS CHECKPOINT GRADES !

Our students have been putting off the effort in to reach this position. We feel very jubilant when we see our students jumping over hurdles and ending it with an astounding outcome. The AAJ family wishes them and every student of AAJ the best of luck in their scholastic journey.

[The American Program](#)

### Home To The ACT Examinations

Students at this level are in full preparation to take over the ACT examinations, which will allow them to be one step closer to their graduation with a strong American certificate, that is highly competitive, and will give them a wide access to the best universities in Jordan and around the world.

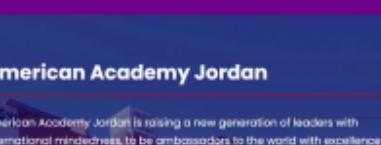

[The British Program](#)

### Home To The IGCSE/IAL Examinations

Students at this level are in full preparation to take over the IGCSE/IAL examinations, which will allow them to be one step closer to their graduation with a strong British certificate, that is highly competitive, and will give them a wide access to the best universities in Jordan and around the world.

### PART OF OUR AMAZING IGCSE/IAL GRADES !

Our students have been putting off the effort in to reach this position. We feel very jubilant when we see our students jumping over hurdles and ending it with an astounding outcome. The AAJ family wishes them and every student of AAJ the best of luck in their scholastic journey.

## Athletics

THE UNDEFEATED

### AAJ Lions Mascot

We are very proud of our awe-inspiring mascot team under the name of "AAJ Lions" who are competing locally with major schools for the Basketball tournaments representing American Academy Jordan.

## LET'S TALK MORE ABOUT AAJ LIONS

1ST PLACE IN HRH PRINCE FAISAL BIN HUSSEIN COMPETITION

### AAJ LIONS ARE IN THE TOP LEAGUE

This team is no joke when it comes to competitions, we are very proud of the AAJ Lions for achieving the **first place** across Jordan's governorates in His Royal Highness Prince Faisal Bin Hussein Basketball competition.

4x CHAMPIONS

### AAJ LIONS ARE STILL UNDEFEATED

With the instructor Mrs Rehab Aljamreh on their side, coaching them on how to become victorious and maintain their victory chair in the league. AAJ Lions are 4x champions of the basketball competition and still known to be undefeated. We congratulate the Lions on their hard work and success.

#### 1st Place

Holding 1st place in every competition attended.

#### 4x Champions

Known to this date as the 4x undefeated.

#### Most Productive Team On Court

The winning record of the AAJ Lions showcases their productivity throughout the game, AAJ Lions are dominating everywhere on the court.

## AAJ Sports & Activities

WE CARE ABOUT ALL PHYSICAL ACTIVITIES

### The Sports We Love

We care a lot about the different types of sports and tend to create competitions to build up hype for students to take part in, and learn new sports they haven't heard about before, and eventually become professionals at it.

#### 1 Football

The most played sport on Earth is a must to learn and perfect. Playing football allows students to use critical thinking to score a goal and make use of collaboration with their teammates to play smoothly.

#### 2 Basketball

Basketball helps students improve their motor coordination, flexibility, and endurance. This allows their brain to multitask, an example would be dribbling, it helps the brain focus on using hands to dribble and use legs to run at the same time.

#### 3 Rugby / American Football

Rugby or "American Football" is known to be one of the sports that help students gain more confidence and plan their route to the other side of the pitch. It improves parts of the body tremendously, such as the hand grip and the arm by throwing farther.

#### 4 Spikeball / Roundnet

A game that consists of 4 players split into 2 teams, as they have a round net in the middle while they strategically plan how hard to hit and which angle to hit on the net to not let the other opposing side get hold of the ball through hitting it back to the net.

#### 5 Gym Heavy Lifting

Moving from a small body to a larger body makes room for more confidence, as we need to have self-reliance, this is why heavy lifting has a major role. By training to lift heavy equipment, this allows to move freely and not have to be worried about any obstacle in front of you.

#### + And Much More

More sports are introduced and played at AAJ, giving students a wide availability of sports to choose from and play with their classmates and teachers. Physical education will always be a priority at AAJ.

## SOME OF OUR ACTIVITIES

### Our Activities

At AAJ, apart from studying, we aim to give students a fun environment. We tend to plan out activities that will benefit the students and the citizens of Zarqa to experience more fun.

MAKE YOUR SUMMER MORE FUN

### AAJ Summer Camp

Even when school is over, summer isn't over at AAJ. We organize summer camps every year at summer to allow our students and kids from outside to experience a different level of fun at AAJ, to give Zarqa children a better summer, instead of wasting their time on phones and tablets.

FUN THURSDAYS

### More About Our Thursday Activities

As we stated earlier, we provide new activities every Thursday, that is organized by our Activities Department for our kindergarten children. Dive deep into our activities that our children attended, many more to come.

#### Masterchef Cooking Competition

Our children competed with each other on who's the best Masterchef in kindergarten. Turned out, we have the best chef's in Zarqa.

#### Olive Day

Our children took the day to learn more about our culture of harvesting olives, then went on with trying different types of olives.

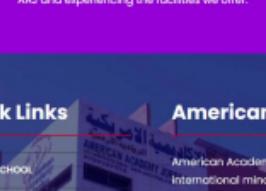

#### Costume Day

Our children had the day to wear whatever fictional character costume they want, as we had a lot of our girls conquering the kindergarten as Cinderellas.

#### Animal Care Day

We had our children learn more about animals, learning their names and purpose, and meeting them in real life to see what they look like.

#### Open Day

A special day at AAJ, where the public is able to come to AAJ to see their children or look around AAJ and experiencing the facilities we offer.

#### Water Fight

A day filled with wide smiles, as our children began filling their water guns and spraying each other with other water activities, such as swimming.
